Write a spelling word in each blank to complete the paragraph.

Ever since the United States became a country, people have wanted to journey to that great land. Thousands have faced a difficult journey in order to exercise freedoms they may not have otherwise enjoyed. It continues to be a challenge to defend the freedoms and laws set forth in a written document called the Constitution. Americans should always remember that it is a privilege to live in the U.S.A. They should show their gratitude to God for allowing them to enjoy the beauty and liberty found in that blessed land.
