Teacher Information

The pages on this Teacher's Toolkit CD supplement the lessons in *HERITAGE STUDIES 6*, Third Edition.

Note: You may choose to make copies of a page after printing it. When copying a printed black-and-white page, you may notice that the shades of gray differ from the original. Be sure to adjust the lightness or darkness on the copier to compensate.

Activity Manual Answer Key

The answer key for the Activity Manual is available in full-page size. It may be printed.

Christianity and Religions Chart

The *Christianity and Religions* chart is a comparative chart that lists the characteristics of the major religions covered in this course. This chart is a resource for you, providing additional information for answering questions that may arise during class discussions.

Games

A selection of games that can be used to review any lesson or chapter is in the Game Bank. Maps and game pieces for playing some of the Chapter Review games are also included.

Graphic Organizers

The Activity Manual Organizers section contains all the graphic organizers from each chapter of the Activity Manual. You may choose to display each one as you guide the student in completing it. The Blank Organizers section provides blank versions of some of the Activity Manual organizers.

History Fair

The Teacher section provides information on organizing a history fair. Rubrics and a sample judging form are included. The Student section guides the student through the steps of a history fair project.

History TimeLine

The History TimeLine from the Activity Manual may be used for reference and can be reproduced for display.

Instructional Aids

The Instructional Aids contain charts and worksheets that will need to be printed for teaching the lessons. They are noted in the Teacher's Edition materials lists with a CD icon (CD).

Maps

The Lesson Maps include every map found in the Student Text as well as additional colored maps. You may choose to make a copy of the maps to display during your lesson. The Outline Maps include each of the continents and outline version of the *Then & Now* maps from the Student Text. The outline *Then & Now* maps may be used to challenge the student to learn and memorize the names and locations of modern countries in each region studied.

Materials List

The Materials List is a comprehensive list of materials needed for each chapter.

National Curriculum Standards for Social Studies

The BJU Press Heritage Studies texts are developed after reviewing many standards, including those from the National Council for the Social Studies (NCSS). The NCSS curriculum standards are grouped under ten thematic strands. Early grades, middle grades, and high school each have their own performance expectations.

The table provides an overview of the areas in which *HERITAGE STUDIES 6* aligns with the NCSS curriculum standards for the middle grades. An X on the table indicates that at least one component of the standard is addressed in the chapter. The table is also found in the back of the Teacher's Edition.

The topics listed in the table are interpreted and discussed in *HERITAGE STUDIES 6* according to a Christian worldview.

Quizzes

At least one quiz and corresponding answer key are provided for each chapter of the Student Text. Each quiz consists of ten items and serves as a helpful study aid for the student.

Resource Treasury

The Resource Treasury contains the following from the Student Text: Primary Sources, Atlas, Gazetteer, Biographical Dictionary, and Glossary. The maps in the Atlas can be reproduced to help the student pinpoint areas for discussion. These pages may also be printed for student use in papers and projects.

Rubrics

A rubric is a scoring aid that helps you assess activities. It allows you to establish criteria and evaluate performance based on those criteria. Three prepared rubrics are provided as optional assessments for the Learning How and the Exploring Together activities. These rubrics are designed for general use with the activities, presentations, and projects. A blank grid is included if you choose to make a rubric with your own criteria. Also included is a page with copies of the essay rubric, a rubric designed to aid the assessment of an answer to an essay question. Essays are included in the Activity Manual and on tests. The essay rubric can be attached to an Activity Manual page containing an essay.

Visuals

The Visuals contain colorful charts and photographs for you to reproduce. Visuals enhance the lessons for the student.
