## ***Teacher's Toolkit CD***

---

### **Student Materials**

- Memory Verse List—A complete listing of the memory work for each unit.
- Unit Bookmarks—Each bookmark lists the memory verses for the unit and is a convenient way for the student to locate a verse or passage when working on memorizing or reviewing it. [Note: For best results, print out these pages on a color printer using heavy paper or cardstock. Every student in the class will need a copy of each page.]
- Timeline—This is a small individual version of the larger classroom timeline from the Visuals section. The first page shows the completed timeline with all the pictures in place (for teacher reference). The next two pages contain the timeline; the fourth page has small pictures of the individuals and events to be attached at the specified points on the timeline.

(Note: Bible book cards are in the Visuals section of the CD.)
